

PAGWA PLANE CRASH

Freighter

Dates: Contact me for availability

Available in May

1 day

5-10 people

Beginner

Description: This is a nice trip on the Kabina river by freightercanoe with a motor to get there. Pagwa Crash... Plane crash from the Cold War. A 1959 collision of a USAF F-102 and a B-47 Stratojet....sadly two fatalities....one still missing and two rescued. You will learn more on the crash during the trip. Abandoned Jeep on the side of the Kabinakagami River. Story goes that it was being barged up the river to Marten Falls and the barge hit some rocks and they parked the Jeep on the side of the river and I guess never retrieved it.

Itinerary: We will meet at the Tourist Center in Hearst for 8am. We will take the shuttle car to the landing 2 hours north west of Hearst. We will make our way down river for about 2h (50km) on the Kabinakagami River. Once we get to the trail, we will have lunch. We will then go hike to the plane crash of the B-47. (The wings and body) In the afternoon, we will make our way back up river. We will get back to Hearst in the late afternoon.

210\$ tax in. per person

Included:
Shuttle from Hearst to landing, emergency satellite device, lunch, beverages, PFD, guide

Needed:
-Extra snacks and drinks
