

GLASSY FALLS

Freighter

Dates: Contact me for availability

From May to end of June

1 day

6 people

Beginner

Description: This freighter tour starts from the beautiful village of Mattice. We travel up river in a big 20ft. freighter canoe with a motor which means you don't have to paddle. We travel up river for about an hour going through a few rapids till we reach Glassy Falls. The jewel of the Missinaibi. Once we get to Glassy Falls, we will make a fire, enjoy our day on the beach and fish from the shore. We can also head out in the freighter to fish.

Itinerary: We will meet at the Tourist Center in Hearst for 10 am. We will take the shuttle car to the landing in Mattice. We will make our way up river to go have a picnic on the beach at Glassy Falls. We will relax and fish from the shore. On the way back, we will go visit the old "indian" cemetery on First Nations of Treaty 9 territory. And then we will return back to Hearst. You can catch huge pike, small mouth bass and walleye. Amazing fishing! Best wild beach in Ontario!
