

PIVABISKA RIVER 4 DAYS

Canoe

Dates: Contact me for availability

End of May till July

4 days, 3 nights

7 people

Moderate

Description: The Pivabiska is truly a unique river. From rocks and rapids, to marsh and bushes to beautiful waterfalls. This adventure is for the ones wanting a trip to remember and to get out of their comfort zone. Over a hundred rapids along 160km of river. Say bye to society for 4 days and truly disconnect. Fly out with Hearst Air Service on day 4.

Itinerary: Arrive INN The North at 8 am. We will pack and be on the water by 9am. I will give you a course on the basics of canoeing. Then we have an hour of flat water paddling to put in practice what you just learned. Then we will get onto the river. We will go through many (Over a 100) CI-CII rapids and we have only 2 portages on 160km. We will find a nice campsite alongside the river, have a delicious meal over the fire and enjoy a night around the campfire. Our days look like: get on the water at 9am and get off at 4-5pm. We paddle around 40 km per day with the current. On day 4, we will get picked up by Hearst Air Service. We will then have a shuttle bring us back to Hearst.

Price: To be determined

Included:
Shuttle from ending point to put in, canoes, paddles, PFDs, helmets, personal drybag, first aid kit and repair kit, emergency satellite device, food, beverages, all group equipment (Tents, kitchen etc.)
